Certain states provide the right to request our disclosure of any of the following:

- the categories of personal information we have collected about you
- the categories of sources from which the personal information is collected
- the business or commercial purpose for collecting, selling, or sharing with third parties for cross context behavioral advertising (e.g. targeted advertising)
- the categories of third parties to whom we disclose personal information

You can do this through a verified consumer request. That process is described below in the section, “Submitting a Verified Consumer Request.”

You have the right to request correction of inaccurate personal information maintained by us. We may request documentation from you to determine the accuracy of the information maintained by us. If you provide us documentation either upon our request or through your own initiative, that documentation will only be used or maintained by us for the purpose of correcting your personal information and complying with our recordkeeping requirements.

As an alternative to correction, we may delete the inaccurate information if it does not negatively impact you or if you consent to this deletion. We reserve the right to deny this request if allowed under applicable law, or if we determine that the contested information is more likely than not accurate, based on the totality of circumstances. You can submit a correction request through a verified consumer request. That process is described below in the section, “Submitting a Verified Consumer Request.”

Your Right to Request Deletion of Your Personal Information

Certain states provide the right to request that we delete any of your personal information collected by us, subject to certain exceptions. You can do this through a verified consumer request. That process is described below in the section, “Submitting a Verified Consumer Request.”

There may be scenarios where we deny your deletion request. If that occurs, we will provide you with an explanation as to why we could not delete all or some of your personal information.

Submitting a Verified Consumer Request

You have the right to submit verified consumer requests to know information (and to receive your personal information in a portable format), to correct information, or for deletion.

You can submit a request through our [webform](#) or by calling us toll free at 866-317-2347. Your request will be verified using information you provide as described on the web form. If you call 866-317-2347 you will be asked to provide the same information requested on the web form for verification purposes. Your request will be verified by matching the information you provide to information that we have collected.

If you submit a request that is not through one of these designated methods or is deficient in some manner unrelated to verification, we will provide you with information on how to submit the request or remedy any deficiencies.

The response to a request to know will provide all personal information collected and maintained about you in a portable format since January 1, 2022, unless an exception under applicable state law applies. We cannot respond to your request or provide you with personal information if we cannot verify your identity or authority to make the request. We will only use personal information provided in a verifiable consumer request to verify the requestor’s identity or authority to make the request.

Once we receive your verifiable consumer request, we will confirm receipt of the request within 10 business days, or as allowed under applicable law, describing our verification process. We will respond to your request within 45 calendar days, or as allowed under applicable law, if we are able to verify your identity. Requests for deletion will require a separate confirmation that you want your information deleted.

Requests to Know or Delete for Child Under the Age of 13: We do not knowingly collect information of minors under the age of 13.

Using an Authorized Agent to Submit a Request

California: Only you, or a natural person or a business entity registered with the Secretary of State to conduct business in California that you have authorized to act on your behalf, may make a verifiable consumer request related to your personal information or a request to opt-out of sale or sharing. If you use an authorized agent, you may provide a power of attorney executed pursuant to California Probate Code sections 4000 to 4465. If a power of attorney that meets those provisions is not submitted, you will be required to provide the authorized agent signed permission to submit a request, verify your identity

directly with us, and directly confirm with us that you provided the authorized agent permission to submit the request.

If you're an authorized agent making a request, you must submit a verified consumer request via the [webform](#) and:

1. Provide the power of attorney provided to you by the consumer pursuant to Probate Code sections 4000 to 4465; or
2. Provide proof of signed permission along with a copy of your ID and have the consumer submit proof through our [webform](#) to directly confirm with us that they provided you permission to submit the request.

Other States: If you use an authorized agent, you may provide a power of attorney executed pursuant to applicable state law. If a power of attorney is not submitted, you may be required to provide commercially reasonable identification of your identity and evidence of your authorized agent's authority to act on your behalf. For example, you may need to provide the authorized agent signed permission to submit a request, verify your identity directly by submitting a verified consumer request according to the procedures in the section "Submitting a Verified Consumer Request," and directly confirm with us that you provided the authorized agent permission to submit the request.

Opt-Out Preference Signals/Universal Opt-Out Mechanism

Our use of tracking technologies may be considered a sale or share for targeted advertising under applicable state law. You can opt-out of being tracked by these third parties by clicking the "Do Not Sell of Share My Personal Information" link at the bottom of our website and selecting your preferences, or by broadcasting an Opt-Out Preference Signal/Universal Opt-Out Mechanism, such as the Global Privacy Control (GPC) (on the browsers and/or browser extensions that support such a signal). Your request to opt-out of sale/sharing will be linked to your browser identifier only and not linked to any account information because the connection between your browser and the account is not known to us. Because the signal is browser-specific, you will need to broadcast subsequent signals if you are accessing our website through different online devices (e.g., computers, smartphones, tablets).

Your Right to Non-Discrimination for the Exercise of a Privacy Right

We will not discriminate against you for exercising any of your privacy rights. Unless permitted by applicable law, we will not:

- Deny you goods or services.
- Charge you different prices or rates for goods or services, including through granting discounts or other benefits, or imposing penalties.
- Provide you a different level or quality of goods or services.
- Suggest that you may receive a different price or rate for goods or services or a different level or quality of goods or services.

Supplemental U.S. State Privacy Rights

In addition to the privacy rights listed above, certain states provide supplemental privacy rights to residents of those states.

Right to Opt-Out of Certain Profiling

You have the right to opt-out of our use of profiling when used to make decisions that produce a legal or similarly significant effect concerning you or your interactions with us. Currently, we do not engage in such profiling.

Right to Appeal

You have the right to appeal our refusal to take action on, or respond to, a verified consumer request. Upon receipt of our denial or refusal to take action on, or to respond to, a verified consumer request, a consumer has 90 days to submit a request to appeal our decision by mail. We will timely inform you in writing of any action taken or not taken in response. We will also include a written explanation of the reasons for our decision.

When we make changes to this privacy notice, we will post the updated notice on the Website and update the notice's effective date. Your continued use of our website following the posting of changes constitutes your acceptance of such changes.
